

University of Pécs Faculty of Pharmacy

Declaration of Quality Policy

As the intellectual pharmaceutical centre of South-Transdanubia Pécs University Faculty of Pharmacy aims at developing the standards of its' educational and research activity permanently.

Our primary activities have a significant impact on the development of medical services therefore on the quality of patients' lives. To realize our goals we apply standard quality control systems and the requirements established in standards MSZ EN ISO 9001:2015.

Standards and Guidelines for Quality Assurance in the European Higher Education Area were integrated into the faculty's management system in correspondence with the quality control system of the University of Pécs.

The Senior leadership takes responsibility for executing chemist training, research and develop based upon direct interdisciplinary relations that meets the high standards of this age. Pécs University Faculty of Pharmacy is intended to formulate new quality standards every year which can guarantee the quality control-based management and strengthen the culture of quality at the institute. During our mission and strategy shaping we put emphasis on risks, possibilities and evidence-based decisions. Senior leadership accepts responsibility in management commitment with playing an active role in controlling and improving quality control system periodically. Pécs University Faculty of Pharmacy aims prior at meeting our students', lecturers' and staff's needs. We intend to develop our relations with representing the values of our profession to public and professional health-political platforms. Our faculty will pay attention to colleagues' quality improving and encourages joint efforts in making progress. We will exhaust all of our strengths and applicable innovations so as to utilize our opportunities on the fields of education, research and development. The key words of our strategy are the following: updated and high level professional knowledge, humanism, empathy, social sensitivity, professionalism, independence, critical thinking and competency for cooperation and leading.

We act upon the New Higher Education Law in force of any time and according to the instructions of the Ministry of Human Resources with attention to the European standards of higher education.

Senior leadership expects their colleagues to acquire the quality policy and the role of the quality control system, furthermore relies on their cooperation in managing and developing.

Prof. Dr. Pál Perjési
dean
