To be handed in at the Registrar's Office!

Codes of Studies and Examinations, Annex 15, Article 2/A (17a)2: In order to support academic progress the Educational Committee may allow the student once during his/her studies the parallel subject registration with a previously not completed prerequisite subject provided that the student shall be eligible to take the exam in the built on subject only if he/she first completed the exam in the prerequisite subject successfully. The student shall be eligible for the parallel subject registration exclusively if he/she already completed every other obligatory subject based on his/her progress in the recommended curriculum that are marked as prerequisites, except for the one subject that prevents his/her academic progress.
